VIP TRIP TO BLACKGANG CHINE! Next Friday 18th March

Dear Parents and Carers,
 Year 3 (as well as other schools) have been invited to attend a complimentary full day of 'behind the scenes' activities at Blackgang Chine. This will include having the opportunity to go on two exciting new rides... **Evolution and Shipwrecked**, as well as free time to enjoy other park attractions!

This exciting opportunity also links to our current Geography topic, as we have just been learning about the coastal erosion surrounding Blackgang Chine.

The cost of the trip is £4.65 (coach only).

Blackgang Chine have requested that you (the parents) are made aware there will be photography and videography during the day, and have asked for you to fill out the attached release form so that they are able to use the imagery.

What to wear?

- Comfortable clothing (not school uniform)
- Trainers
- Warm waterproof jacket

What to bring?

Children will need a packed lunch in a small backpack.
 They may also bring up to £5.00 pocket money to spend at the shop in a named purse/wallet.

Payment and consent can be made at www.schoolmoney.co.uk

Yours sincerely,
 Mr Dignan

If you would like to order your child a school packed lunch, please return the below by Tuesday 15th March.

Vectis Ventures Ltd

Filming and Photography Policy

The purpose of this policy statement is to:

- Protect children and young people who take part in Vectis Ventures services, events and activities, specifically those where photographs and videos may be taken.
- Set out the overarching principles that guide our approach to photographs/videos being taken of children and young people during our activities and events
- To ensure that we operate in line with our values and within the law when creating, using and sharing images of children and young people

We recognise that:

- sharing photographs and films of our activities can help us promote and raise awareness of our business.
- the welfare of the children and young people taking part in our activities is paramount
- children, their parents and carers have a right to decide whether their images are taken and how these may be used, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation
- consent to take images of children is only meaningful when children, their parents and carers understand how the images will be used and stored, and are fully aware of the potential risks associated with the use and distribution of these images
- there are potential risks associated with sharing images of children online

We will seek to keep children and young people safe by:

- always asking for written consent from a child and their parents or carers before taking and using a child's image
- always explaining what images will be used for, how they will be stored and what potential risks are associated with sharing images of children
- making it clear that if a child or their family withdraw consent for an image to be shared, it may not be possible to delete images that have already been shared or published
- never publishing personal information about individual children and disguising any identifying information (for example the name of their school or a school uniform with a logo)
- making sure children, their parents and carers understand how images of children will be securely stored and for how long (including how we will control access to the images and their associated information)
- reducing the risk of images being copied and used inappropriately by: only using images of children in appropriate clothing (including safety wear if necessary) avoiding full face and body shots of children taking part in activities such as water activities where there may be a heightened risk of images being misused
- using images that positively reflect young people's involvement in the activity.
- Ensuring that contractors hired for photography or filming abide by our safeguarding measures and can provide letters of recommendation from other suitable organisations by way of reference.

Storing images:

- We will store photographs and videos of children securely, in accordance with our safeguarding policy and data protection law. We will keep hard copies of images in a locked drawer and electronic images in a protected folder with restricted access. Images will be stored for a period of 6 years.
- We will never store images of children on unencrypted portable equipment such as laptops, memory sticks and mobile phones.
- Vectis Ventures does not permit employees or contractors to use personal equipment to take photos and recording of children. Only cameras and recording equipment belonging to the organisation can be used.
